OPEN UP A WINDOW ON A WHOLE NEW WORLD OF GUEST SATISFACTION

window channel network *hospitality*

A leader in transformational digital imagery, Window Channel Network creates and innovates original video and photography for sales promotion and in-room entertainment for the world's best destinations and properties. Our programming engages viewers, attracting high-end guests to luxury brands and destinations, offering them the ultimate amenity—inspiration.

The Window Channel Network is a featured channel on Amazon Prime Video, which is viewed by more than 600,000 subscribers each month worldwide.

For 30 years, the world's best travel destinations and brands, including St. Regis Hotels, W Hotels, Four Seasons Hotels, Taj Hotels and Mandarin Oriental Hotels have relied on Window Channel Network's original sales promotion, in-room video, and still photography to drive sales and enhance guest satisfaction.

Our video library includes 400 hours of original programming for relaxation, sleep, yoga and background imagery for hotels, resorts, spas and cruise ships.

STILL PHOTOGRAPHY

promotional videos and images

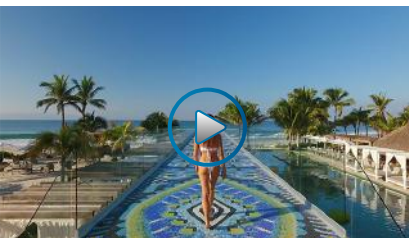

Our team has over 60 years of collective experience creating customized sales, property and brand-specific promotional images and videos that showcase the guest experience at your hotel and improve your marketing reach. We specialize in capturing the spirit and soul of your property in

extremely high-quality video using the latest HD, 4K and 5K digital imaging technology along with expertly piloted drone photography and video. Our experienced video and photo editors seamlessly execute a flawless product that will ensure your story captures the imagination of your guests.

customized in-room channels offer your guests relaxation, yoga, meditation and healthy sleep

Since 2005, Window Channel Network's original programming and specialty video production has transported viewers to exotic locales around the world.

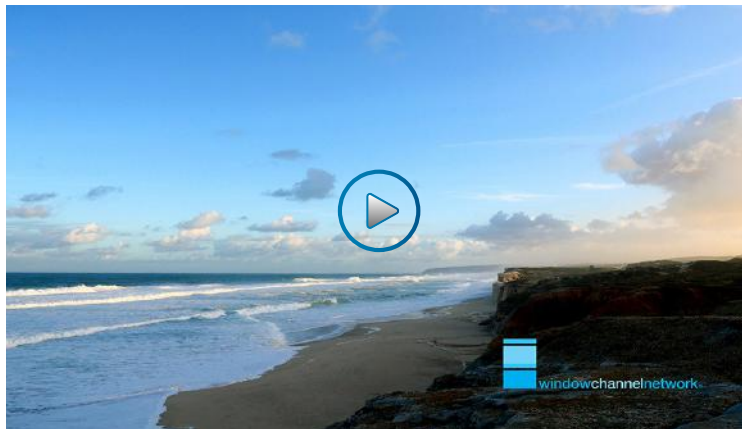

Our team of award-winning filmmakers carefully scout locations to capture breathtaking images that simulate the experience of actually being in that very place—at that very time. Videos filmed in HD, 4K and 5K include spectacular images that engage, relax and entertain.

A leading innovator and distributor of original HD video The Window Channel includes ten specialty channels with 400 hours of original video programming.

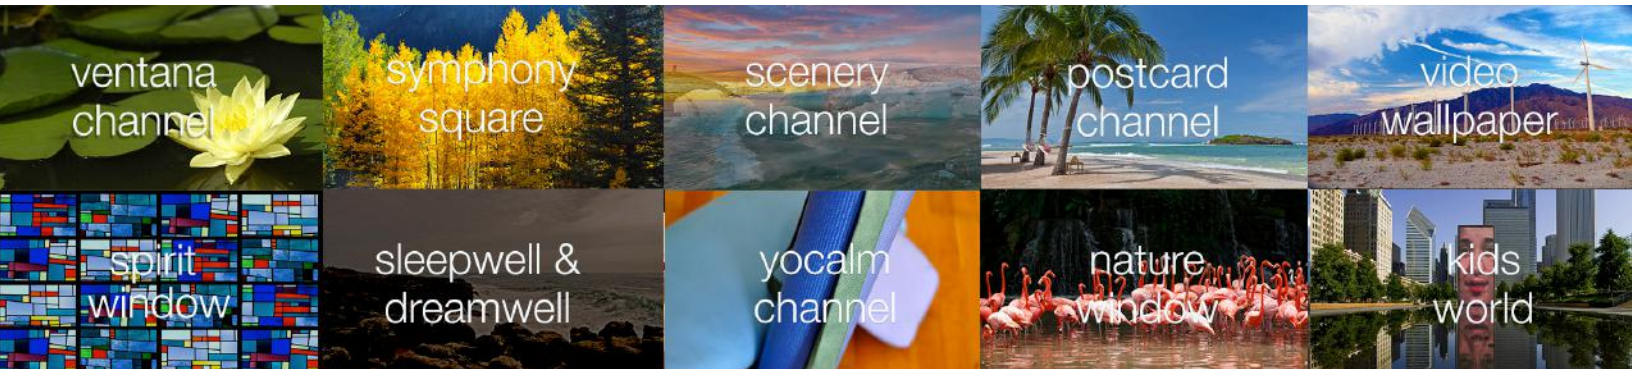

Clinical testing has proven Window Channel to be effective in reducing intrusive noise levels, encouraging healthy sleep patterns and reducing stress—all important to enhancing your guest experience and building your brand.

Every day, over 30,000 hours of Window Channel Network programs are viewed from around the world to across the street. Designed to play on any hotel interactive network of CCTV system—On Demand or as a streaming channel. Choose from over 11 channels and 225 titles.

Available for license for your hotel, cruise ship or any setting where there is a need for relaxation and ambient background.
